CHAPTER XV.

It was 5 o'clock when Harkless climbed the stairs to the second office, and his right arm and hand were aching and limp. Ross Schofield was the only person in the editorial room, and there was nothing in his appearance that should have caused a man to start and fall back from the doorway, but that is what John did. "What's the matter, Mr. Harkless?" cried Ross, hurrying forward with a fear that the other had been suddenly seized by illness. "What are those?" asked Harkless, with a gesture of his hand that seemed to include the entire room.

"Those?" repeated Ross, staring blankly. "Those rosettes—these streamers—that stovepipe—all this blue ribbon?"

Ross turned pale. "Ribbon?" he said inquiringly. "Ribbon?" He seemed unable to perceive the decorations referred to.

"Yes," answered John. "These rosettes on the chairs, that band, and—"

"Oh!" Ross answered. "That?" He fingered the band on the stovepipe as

A woman worn-out, who never has to lift a hand for herself, who does not know the meaning of the word "worry"! How can it be possible? That it is possible is proved by the experience of many a woman who, because of sleeplessness, nervousness, backache and other womanly ills, becomes an utter physical wreck.

Dr. Pierce's Favorite Prescription gives new life and new strength to weak, worn-out, run-down women. It establishes regularity, dries unhealthy drains, heals inflammation and ulceration, and cures female weakness. It makes weak women strong and sick women well.

"I suffered for five years with inflammation which caused violent pain and often torture so bad that I could not be about to attend to my daily duties," writes Mrs. Julius C. Bell, of Bathurst, Kingston, Ont. "Life was simply misery to me and I did not know which way to turn for relief. Had tried doctors but found they did not help me. My druggist advised me to try Dr. Pierce's Favorite Prescription—encouraging it in glowing terms. I decided to give it a trial and brought a bottle home. I am happy to say that after the use of the first bottle I felt so much improved I decided to take another and after that a third bottle. I have good reasons to be pleased, for I am to-day a well woman, work is easy and the world looks bright. I have perfect health, thanks to your medicine."

Sick women are invited to consult Dr. Pierce by letter, free. Address Dr. R. V. Pierce, Buffalo, N. Y.

"Favorite Prescription" makes weak women strong, sick women well. Accept no substitute for the medicine which works wonders for weak women.

Dr. Pierce's Pleasant Pellets should be used with "Favorite Prescription" whenever a laxative is required.

if he saw it for the first time. "Yes, I see."

"But what's it for?"

"Why—it's—it's likely meant for decorations."

"It seems to have been here some time."

"It has. I reckon it's most due to be called in. It's been up ever since—"

"Who put it up, Ross?"

"We did."

"What for?"

Ross was visibly embarrassed. "Why—fer—fer the other editor."

"For Mr. Fisbee?"

"Land, no! You don't suppose we'd go to all that work and bother to brisken things up for that old gentleman, do you?"

"I meant young Mr. Fisbee. He is the other editor, isn't he?"

"Oh!" said Ross. "Young Mr. Fisbee? Yes; we put 'em up for him."

"You did? Did he appreciate them?"

"Well, he seemed to—kind of like 'em."

"Where is he now? I came here to find him."

"He's gone."

"Gone? Hasn't he been here this afternoon?"

"Yes; some time. Come in and stayed durin' the leevy you was holdin' and saw the extry off all right."

"When will he be back?"

"Sence it's be'n a dailly he gits here by 8 after supper, but don't stay very late. Old Mr. Fisbee and Parker look after whatever comes in then, unless it's something special. He'll likely be here by half past 8 at the farthest off."

"I can't wait till then. I've been wanting to see him every minute since I got in, and he hasn't been near me. Nobody could even point him out to me. Where has he gone? I want to see him now."

"Want to discharge him again?" said a voice from the door, and, turning, they saw that Mr. Martin stood there observing them.

"No," said Harkless. "I want to give him the Herald. Do you know where he is?"

Mr. Martin stroked his beard deliberately. "The person you speak of hadn't ought to be very hard to find in Carlow, and—well, maybe when found you'll want to put a kind of a codicil to that deed to the Herald. The committee was reckless enough to hire that carriage of yours by the day, and Keating and Warren Smith are sitting in it up at the corner with their feet on the cushions to show how used they are to riding around with four white horses every day in the week. It's waiting till you're ready to go out to Briscoes'. There's an hour before supper time, and you can talk to young Fisbee all you want. He's out there."

The first words Warren Smith spoke had lifted the veil of young Fisbee's duplicity; had shown John with what fine intelligence and supreme delicacy and sympathy young Fisbee had worked for him, had understood him and had made him. If the onen attack on

McCune had been made and the damnable evidence published in Harkless' own paper while Harkless himself was a candidate and rival he would have felt dishonored. The McCune papers could have been used for Harkless' benefit, but not for his own, and young Fisbee had understood and had saved him. It was a point of honor that many would have held final and inconsistent, but one that young Fisbee had comprehended was vital to Harkless. And this was the man he had discharged like a dishonest servant, the man who had thrown what (in Carlow eyes) was riches into his lap, the man who had made his paper and who had made him and saved him, Harkless wanted to see young Fisbee as he longed to see only one other person in the world.

As the barouche drove up to the brick house he made out through the trees a retreating flutter of skirts on the porch, and the thought crossed his mind that Minnie had flown indoors to give some final directions toward the preparation of the banquet. But when the barouche halted at the gate he was surprised to see her waving to him from the steps, while Tom Meredith and Mr. Bence and Mr. Boswell formed a little court around her. Lige Willetts rode up on horseback at the same moment, and the judge was waiting in front of the gate. Harkless stepped out of the barouche and took his hand. "I was told young Fisbee was here," said the judge.

Mr. Fisbee came around the corner of the house and went toward Harkless. "Fisbee," cried the latter, "where is your nephew?" The old man took his hand in both his own and looked him between the eyes and thus stood while there was a long pause, the others watching them. "You must not say that I told you," he said at last. "Go into the garden."

But when Harkless' step crunched the garden there was no one there. Asters were blooming in beds between the green rosebushes, and their many fingered hands were flung open in wide surprise that he should expect to find young Fisbee there. It was just before sunset. Birds were gossiping in the sycamores on the bank. At the foot of the garden, near the creek, there were some tall hydrangea bushes, flower laden, and beyond them one broad shaft of sun smote the creek bends for a mile in that flat land and crossed the garden like a bright, tawny veil. Harkless passed the bushes and stepped out into this gold brilliance. Then he uttered a cry and stopped. Helen was standing beside the hydrangeas with both hands pressed to her face and her eyes cast on the ground. She had run away as far as she could run. There were high fences extending down to the creek on each side, and the water was beyond.

"You!" he said. "You! You!"

THE STATE OF TRADE

Events of the Week Have Been Generally Favorable.

New York, April 9.—Bradstreet's weekly review of trade today says: Events of the week have for the most part been favorable. The weather conditions generally have been spring-like, except in some portions of the Northwest. This has increased retail distribution in the cities, while in the country districts favorable weather has helped farmers in their planting preparations and improved the condition of winter wheat.

The breaking up of country roads, however, tends to retard the sale and distribution of merchandise, lumber and other products. Wholesale and jobbing distribution have been helped in tone rather than in volume by the improvement in weather and in retail trade. In two of the leading industries, iron and steel and lumber, the resumption of out-door spring activities is helping distribution. The soft coal industry has also improved now that fear of general strike is removed.

ON THE DEFENSIVE

Unpreparedness of Russia Puts the Czar's Fighters at a Disadvantage.

CAN'T BE AGGRESSIVE

Reports From the Seat of War Show That Russian Campaign For the Present Is One of Defense.

Vague Reports of Another Land Engagement Are Received But No Details Are At Hand.

Port Arthur, April 9.—Admiral Makarov went out from Port Arthur this morning, a Japanese squadron having been signalled as in the offing. It is rumored that a sea fight took place, but nothing concerning it is officially known.

Harbin, April 9.—Everything shows that on account of unpreparedness it has been decided to operate on the defensive. It is believed that the Japanese will never pass Mukden. In anticipation of the cutting of the railroad, families south of Mukden have been ordered north. The regular railroad guard has been supplemented by volunteers armed by the government and drilled by instructors. Troops travel thirty miles an hour going to Liao Yang.

SCATTERING DISPATCHES

Among These Is One Mentioning a Land Engagement.

London, April 9.—Reports of a land engagement on the Yalu and of a fresh attack upon Port Arthur have reached London. The report of the Yalu engagement comes from Paris and says that the Russians suffered loss.

A dispatch from Tokio says that eleven Japanese transports have left Nagasaki and Sasebo for Korea, with 10,000 infantry, bridge material and provisions.

A St. Petersburg dispatch says orders have been issued for the mobilization of the naval reserves of the Sebastopol division. Half of them are to be sent to the far East and the others are to remain in the Black sea.

Admiral Stark, lately in naval command at Port Arthur, has arrived in St. Petersburg and will be received by the czar in a few days.

Doesn't Need the Money.

St. Petersburg, April 9.—Regarding the czar's declaration to accept village contributions toward the war, the Novosti says that authoritative communication is thus given the fact that Russia has sufficient financial strength to carry on any expensive war which threatens to last for a long time. The paper adds that this is another evidence of the faith which the czar has in the patriotism of his subjects, and that it is a proof of his wish for their welfare.

Engaged in Aiding Troops

Port Arthur, April 9.—The result of a week's cruise leads to the belief that the Japanese fleet is engaged in covering arrangements for a new landing of troops recently mobilized. A close blockade of Port Arthur is not maintained, probably because of information regarding the state of the channel. Certainly up to the present no Japanese transports have entered the gulf of Pechili.

CONFESSION OF GUILT

Iowa Woman Exemplifies Adage "Murder Will Out."

Sioux City, Ia., April 9.—Charles Rocker and his wife, of Boone, Ia., are in jail under an indictment for murder, and Mrs. Rocker has confessed to Attorney C. A. Irwin of this city, that her present husband murdered her former husband, August Schroeder, June 30, 1900. She says that Rocker, who was at the time Schroeder's hired man, went to town with him, got him drunk and chloroformed him on the way home. She says that Schroeder was nearly dead when they reached home and that she helped Rocker hang Schroeder in the barn, to induce suicide. After collecting the insurance on Schroeder's life she says she gave it to Rocker, who went to South Dakota, and that she married him.

Enjoined from Working.

Chicago, April 9.—An injunction, preventing Joseph A. Cone, of Boston, from working at his trade, was issued today by Judge Lookwood Honore. Cone is a maker of nets. The bill declares that he resigned from the employment of a Massachusetts company a year ago after signing a contract not to engage with any other company in the same business for five years. He is charged with breaking this agreement by working for a Chicago company.

Trying to Get Together.

Havana, April 9.—The deadlock in congress continues, but congressmen representing the opposing parties are consulting with the hope of reaching an understanding by which a session of the house of representatives will be held next week.

MADEL PAGE'S MURDER

Fifty Thousand Dollars Offered for Solution to Mystery.

Boston, April 9.—Two women high in Boston society are being closely watched by the Hub police on suspicion of the murder of pretty Mabel Page. The theory of jealous revenge is growing more and more probable, and arrests are predicted within twelve hours. A fund of \$50,000 is at

MABEL PAGE.

the disposal of the Weston police to hunt down the slayer of Miss Mabel Page, besides a reward of \$2,500 for his arrest and the thousands that the state will spend before it gives up the hunt.

Some of the detectives believe the murder was done by a discharged groom who made threats when told to leave. While probing the theory that a discharged employe may be the murderer, the police are still active in their search for a woman maniac who is known to have vowed vengeance on Miss Page for causing her incarceration in an insane asylum. The startling statement is made that this woman was seen in Weston the day following the murder. Three weeks previously it is known she was in Boston.

Not since Lizzie Borden's arrest in Fall River, Mass., for the alleged murder of her father and stepmother, of which she was subsequently acquitted, has a murder mystery attracted such national interest as the Mabel Page case in Weston, Mass. Miss Page, who was about forty years of age, was wealthy, the family, which had business interests in Boston, living on an estate at Weston, fifteen minutes' walk from the nearest house. Miss Page at 1 o'clock in the afternoon received a note informing her that her brother was ill in Boston and went to her room to prepare for the trip. While she was arranging her hat before the mirror, the reflection of which commanded a view of the entire hallway, she was stabbed in the back. The fact that she did not move from the dresser when in the glass she saw the murderer approaching, has been taken to indicate that, as she thought herself alone in the house, her slayer must have been a woman and an intimate. Nothing was stolen from the house. The weapon with which the crime was committed has not been found, and there is as yet no definite clue. The rewards offered for the apprehension of the murderer aggregate more than \$50,000.

Will Show How Boers Fought.

St. Louis, Mo., April 9.—General Cronje and Commandant Van Dam of Boer war fame, accompanied by 450 Boer soldiers, have arrived here to participate in the World's Fair. After the fair is over they will go to Mexico to live. General Viljoen, who has been in St. Louis for some time, met the party at Norfolk, Va., and escorted it to St. Louis. The soldiers comprise one infantry company, one cavalry company and one artillery company, and will exemplify Boer methods of fighting.

The Brown Trial.

Indianapolis, April 9.—With the tenth day of laborious presentation of evidence nearing a close, the government rested in the Brown trial and the defense began its presentation of evidence by introducing a number of witnesses to establish Brown's reputation. They said it was good before the failure.

Charged With Larceny.

Lawrence, Mass., April 9.—George Dewhurst, formerly clerk of the Arlington Co-operative Association, was arrested last night on a warrant charging the larceny of \$25,000 from the association. He furnished \$15,000 bail for his appearance in court.

Postoffice Bill Is Still Under Consideration in the Upper House.

Washington, April 9.—The house passed a large number of bills including the Philippine shipping bill and the bill appropriating \$475,000 in aid of the Lewis and Clark Centennial exposition to be held in Portland, Ore.

LEWIS AND CLARK MONUMENT, PORTLAND, ORE.

In 1905. The only amendment made to the Philippine shipping bill was one extending until July 1, 1906, the time when the law shall become operative.

The contracts for cancelling machines used by the postoffice department was debated at length in the senate in connection with the postoffice appropriation bill. Mr. Culbertson introduced an amendment reducing the rental of the machines, and the Democratic senators charged that the rental now paid was the same that was paid under the contracts made by George W. Beavers when he was chief of the salary and allowance division of the postoffice department, and that they were excessive. Mr. Lodge denied the charge, saying that there was no proof of its truth.

The postoffice bill was still under consideration when the senate adjourned. The first hours of the session were devoted to a discussion by Mr. Patterson of the Chinese question, in which he maintained that the exclusion laws would be ineffective after Dec. 7 unless there was additional legislation.

Washington, April 9.—The conference report on the Indian appropriation bill has been submitted in the senate. The bill as reported from conference carries \$9,247,930.

Hazard of Life at Hazard.

Hazard, Ky., April 9.—James McIntosh was killed by Joe Minard on Big Creek yesterday. McIntosh, who had just returned from the army, went to work upon a piece of land which Minard claimed. Minard hid in the mountains. John J. McCombes yesterday shot and instantly killed John Greasy Combes. In 1876 John J. Combes was cut by Greasy Combes in a fight, crippling him and causing partial paralysis.

Body Found in a Bag.

Colchester, Conn., April 9.—The body of a man with both arms cut off at the shoulder and otherwise horribly mutilated was found in a bag in an unfinished cellar on the farm of John Marks of this place. The body was identified as that of a former helper on Marks' farm. Marks, who is sixty-five years of age, has disappeared. It is reported that he had frequent quarrels with his help.

Strike in Latrobe Field.

Latrobe, Pa., April 9.—Headed by a brass band, striking miners of the Loyal Hanna Coal and Coke company, marched to the various plants about Latrobe and succeeded in making general the strike begun on Monday. It is estimated that 3,500 men are out today, and operations at most of the plants have been stopped pending a settlement of differences.

GETTING IN LINE

State Candidates Busy Opening Up Headquarters.

Indianapolis, April 9.—The race for the Republican nomination for governor has reached the point where the candidates feel it is time to open headquarters here. J. Frank Hanly, who was here today, said that he will open his headquarters at the English hotel after Monday. He will have with him, so it is understood, Union B. Hunt of Winchester, former secretary of state, who was talked of for a long time as a prospective candidate. Judge Penfield of Auburn, is also here and has headquarters open for several days. Although he has the smallest district and came into the race very late, he is very confident that he is going to win. W. L. Taylor of this city says he is now rounding up his forces in great shape. Frank Jones, former superintendent of public instruction, it is understood, is coming here next week to help him make an organization. Warren G. Sayre has headquarters at Wabash, but will also have headquarters here.

The Hearst movement received such a body blow in the Democratic primaries here last night that many politicians expressed the opinion today that he will not get a delegate in Indiana. The Taggart smile was broader than ever when the result was mentioned. There is no secret now that Taggart is fighting for political prestige. If Hearst should be nominated he would not stand a chance of becoming national chairman, but if Parker wins he may be at the head of the organization, as it has been known for a long time that Taggart is very close to David B. Hill, the accredited manager of the Parker boom. While Taggart and his crowd were lampooning Hearst here Major G. V. Menzies was turning the same trick in Posey county. There is no doubt but that the so-called conservative element of the party is aroused and that Hearst stands but little show against it. Taggart estimated right after the polls closed last night that the score here would be 113 Hearst, which the count exactly verified. It is very likely that the Seventh district delegates will be called together within a few days to elect two delegates to the national convention.

Very naturally the principal topic of conversation just now among the politicians is the movement to land the delegation to the St. Louis convention for Hearst or Parker. Hearst is giving away thousands of his papers here and has imported a lot of lusty-lunged boys from Chicago who have foghorn voices to be heard a mile. The papers each day contain an attack upon Taggart because of the latter's friendship for Parker. Here is a sample of what the Hearst papers are saying about him: "The winning rebuke which the party administered to Taggart last fall in the city election, when the 'machine' was politically dismantled, effected the Marion county boss perceptibly. He saw that he was losing favor even with his own henchmen, and the recent 'snap' convention called at his bidding was the proverbial last straw." Those who are following the situation closely say there is no doubt that this attempted rebuke of Taggart is hurting the Hearst movement, as Taggart has a large and faithful following in his own state.

A hot fight is in progress for the Republican nomination for congress in the Fifth district. Representative Holliday is a candidate for renomination. He is opposed by Otis Guley, a young attorney at Danville. But little attention was paid to Guley at the start, but he has been opening the eyes of some of Holliday's friends of late. It is said that he now has as many delegates as Holliday and that it is up to Vigo county to say who shall be nominated. Vigo is known as a very uncertain quantity, but there have been rumors of late that it is not overly fond of Holliday, in which case it would not be surprising if there should be a new face among the Republican representatives from this state after the next election.

Washington, April 9.—Three workmen were killed and one was fatally injured in an explosion at the Pintsch Gas Compressing company's plant in southwest Washington.

Wilkesbarre, Pa., April 9.—Four children of Mr. and Mrs. Wm. Burke were burned to death at Sebastopol in a fire which consumed the Burke home.

Sofia, Bulgaria, April 9.—A telegram from Constantinople announces that a Turco-Bulgarian convention was signed yesterday. No details are given.

IF IT is true that Grover Cleveland is what W. J. Bryan says he is, then it is no wonder he made so humiliating a failure when he undertook to guide the ship of state.

THE republicans and democrats of Shelbyville have agreed to use no money in the city election. Thus are the hopes of some people dashed, and hard times stare them in the face right at a time when they expected to move into Easy street.—News.

AS WAS anticipated the Taggart crowd routed the Hearst men in the democratic primaries in Marion county. Though the Hearst people cast about a fourth of the vote they failed to carry a precinct.

THE U. S. supreme court's decision against the coal trust was by a vote of 8 to 1; which beats the Northern Securities case. And every time a thing like this happens the democrats, who demanded that it be done, get angrier and more nervous. There's no satisfying some people.—Journal.

BECAUSE Cleveland has spoken a good word for Judge Parker some leading democrats argue that just that thing will weaken Parker with the rank and file of the democratic party. What Cleveland says will not go with the regulars.

SENATOR GORMAN'S speech in the senate the other day is interpreted throughout the country as indicating the democratic plan of the next campaign. Having failed in everything else that they have tried to make an issue of, they now propose an attack upon the president. Of course there would be nothing new in this. On the contrary it is as old as the party that has called itself the democratic party for the last forty years. This same party called Lincoln every name in the vocabulary of abuse; they charged Grant with an ambition to be military dictator, and they have pursued a similar course toward every republican president up to this time, even including McKinley, who is remembered today as one of the most kindly spirits that ever brought a benediction to mankind.

Political Gossip.

Hon. O. H. Montgomery, of Seymour, has become a candidate for judge of the Indiana supreme court. Mr. Montgomery is an able lawyer, in the prime of life, and would make a capable judge. He will be a strong candidate in the convention—Bedford Mail.

Postmaster Masters and Hon. Oscar H. Montgomery, both of Seymour, Ind., were in the city Wednesday on their way to Evansville. The latter is a candidate for the nomination for judge of the supreme court for the Second Judicial district, which consists practically of all southeastern Indiana. His eminent fitness for high judicial office is generally recognized throughout the state and his friends and neighbors hope that he will be nominated. He is a graduate of Harvard college and took second honors in his class. He is vice president of the State Bar Association and about six years ago was appointed by Governor Mount, a member of the State Commission on Uniform Laws—Vincennes Commercial.

We are in receipt of a copy of the Seymour Daily Republican announcing the candidacy of Oscar Montgomery, of that city, for Judge of the Supreme Court. Mr. Montgomery is a prominent attorney and well qualified for the place.—Rushville Republican

The democratic bosses have finally got the consent of two men to permit the use of their names as candidates for council in the Second ward. They are Leroy Miller and J. S. Mills.

THE republican city ticket is one that every republican and every good citizen in other parties can conscientiously vote for and work for.

Now that T. Taggart has shut Hearst out in the contest for delegates in Marion county, Hearst means to retaliate by starting a democratic paper in Indianapolis. Taggart is the principal owner of the Sentinel.

THERE is no possible hope for the Democrats, says the Nashville American, except in conservative action at St. Louis. By "conservative action" in this warning and in the vocabulary of the reorganizers, is meant the suppression of the six millions that voted for Bryan.

ONE democrat takes us to task for saying the garbage contract was awarded to the highest bidder, but he does not deny that such was the fact. One bidder agreed to remove the slops and garbage for \$29.50 a month and the other for \$45 a month and the man who bid \$45 got the contract. Irregularity of the lowest bid is alleged, but even granting that, with such a difference of bids it would have been business economy to have rejected these bids and called for new ones.

Trains Came Together.

The local freight train and a work train came together with a crash near Chestnut Ridge this forenoon. Both trains were going in the same direction and the work train was taking the siding when the local struck it, knocking the caboose and three or four gravel cars off the track and smashing them up some. The 10:06 passenger train was delayed here over an hour.

April Magazines.

THE NATIONAL.

The National Magazine for April is proof that a good stout "shake-up" sometimes does a lot of good. The National's plant at 41 West First street, Boston, burned in February. The April number is indeed one of the very best ever published. It is brim full of bright and timely papers on Travel, Science, Art, Politics, Business, Education, the stage and Current Events, with half a dozen attractive short stories.

REVIEW OF REVIEWS.

The three great topics in the news of the past month—the Northern Securities decision, the first steps in the construction of the Panama Canal, the progress of the war in the far East—are comprehensively treated in the Review of Reviews for April. In addition to the editorial summaries, Mr. Walter Wellman sketches the personnel of the Isthmian Canal Commission which has just sailed for Panama, and outlines the several stages of its work. Dr. E. J. Dillon, the well-known English correspondent and writer on Russian affairs, discusses the question, "Has Russia any Strong Man?"

ENTIRE SANCTIFICATION.

Sermon on that Subject by Evangelist Cornell Last Night.

A very large audience listened to Mr. Cornell at the Holiness Christian church last night preach on the doctrine and experience of entire sanctification. The large audience gave undivided attention as the evangelist explained this important doctrine from the word of God. He said in part:

"The doctrine is very often misunderstood and misrepresented, and unfortunately some who profess the experience do not show a very desirable sample. Yet, notwithstanding all this, all the churches believe that 'without holiness no man shall see the Lord,' or in other words, one must be holy to enter heaven. Justification gives a title to heaven, while sanctification gives a fitness for heaven. Entire sanctification is not freedom from the possibility of committing sin, not freedom from temptation, nor perfection of any kind except perfect love. Justification has to do with sins committed, while sanctification has to do with sin inhering. Justification is a birth, sanctification is a baptism—the baptism with the Holy Spirit as on the day of pentecost. Sanctification saves one from sin, self, and the world. It makes men clean inside and out. It is the 'power' of pentecost for life and service. Only a holy church can hope to save the world. A splendid altar service followed in which many persons were seeking pardon or purity. It was a great meeting. Tonight another great revival service will be held.

Sciatic Rheumatism Cured.

"I have been subject to sciatic rheumatism for years," says E. H. Waldron, of Wilton Junction, Iowa. "My joints were stiff and gave me much pain and discomfort. My joints would crack when I straightened up. I used Chamberlain's Pain Balm and have been thoroughly cured. Have not had a pain or ache from the old trouble for many months. It is certainly a most wonderful liniment." For sale by C. W. Milhous.

Smallpox at Greensburg.

GREENSBURG, Ind., April 8.—A case of virulent smallpox has been discovered in this city. The victim is an employee of the Big Four improvement works, named C. F. Sanders. Many people had been exposed before the nature of the disease was discovered and it is feared that many cases may develop. Sanders contracted the disease at Weisburg.

Nothing Equal to Chamberlain's Colic, Cholera and Diarrhoea Remedy for Bowel Complaints in Children.

"We have used Chamberlain's Colic, Cholera and Diarrhoea Remedy in our family for years," says Mrs. J. B. Cooke, of Netherlands, Texas. "We have given it to all of our children. We have used other medicines for the same purpose, but never found anything to equal Chamberlain's. If you will use it as directed it will always cure." For sale by C. W. Milhous.

Two Car Load.

The Parlor Reclining Chair Company are removing their material from Martinsville to this city. Two car load of sample chairs, patterns, stock partially made up, office equipment, etc. have already arrived and are being placed in their factory here. Mr. Wiley, the superintendent, is getting the plant in shape for operation. The people of Seymour have great faith in the people composing this company and know that they acted wisely when they decided to locate in Seymour, the best town in southern Indiana.

PARACAMPH CURES RHEUMATISM.

Cost Nothing If it Fails.

Any honest person who suffers with Rheumatism is authorized to go to their druggist today and get a bottle of Paracamp, use as directed, and if it fails to do exactly what we claim, go back to their druggist and get their money. Paracamp is recommended as a modern scientific treatment for all Rheumatic Swellings and Neuralgic troubles. It relieves on Nature's plan. That is when applied it opens the pores, penetrates directly to the seat of the ailment soothing the inflamed skin, muscles and joints reducing the swelling by removing the congestion, drawing out the fever and inflammation by inducing sweating. It sweats the disease out of the body through the pores of the skin. This is why Paracamp is superior to the many internal strong, drastic drugs that upset the stomach, shatter the nerves, and undermine the general health. Our guarantee is made to convince you of our faith in Paracamp. We have of course, tested its merits thoroughly in many and various cases. We know therefore exactly what it will do. So don't hesitate, but get a bottle of Paracamp today, and after two or three applications you will be convinced that we claim only for Paracamp exactly what it will do.

Paracamp is sold only in 25 cent, 50 cent and \$1.00 bottles. The larger sizes are cheaper for family use. Write for book of testimonials. The Paracamp Company, Louisville Ky., U. S. A. COX PHARMACY CO.

KODOL

Digests What You Eat.

Weak Hearts

Are due to indigestion. Ninety-nine of every one hundred people who have heart trouble can remember when it was simple indigestion. It is a scientific fact that all cases of heart disease, not organic, are not only traceable to, but are the direct result of indigestion. All food taken into the stomach which fails of perfect digestion ferments and swells the stomach, puffing it up against the heart. This interferes with the action of the heart, and in the course of time that delicate but vital organ becomes diseased.

Kodol

Digests What You Eat

Mrs. Loring Nichols of Penn Yan, N. Y., writes: "After eating, my food would distress me by making my heart palpitate and I would become very weak. Finally I got a bottle of Kodol and it gave me immediate relief. After using a few bottles I am cured."

Kodol cures indigestion, dyspepsia and all stomach disorders, and gives the heart a full, free and untrammelled action.

Bottles only \$1.00. Size holding 2 1/2 times the trial size, which sells for 50c.

A DECIDED SUCCESS.

Was Recital by Pupils of Miss MacDuff.

One of the very best home talent entertainments ever given in Seymour was the recital Friday night by Miss MacDuff and her pupils. Everybody present, and the opera house was indeed well filled, was delighted and are today complimenting the splendid work of Miss MacDuff and her talented and carefully trained pupils. And it is all deserved for every one did remarkably well. Too much cannot be said in praise of the excellent work that Miss MacDuff has done and is still doing with the children and young people of Seymour. The value of such training is great.

The program was in two parts and showed careful arrangement. It covered a rather wide range, presenting a variety of entertainment sufficient to please and satisfy all. Every number was well rendered, showing careful and intelligent training. Each one who took part is worthy of special mention but since there were thirty or more of them that could not be satisfactorily done in the time we have.

The large audience, present and the liberal applause at once indicate that Seymour people appreciate the entertainments given by Miss MacDuff and her pupils.

Journey to Holy Land.

Among those who are with the Indiana party on their way to the Holy Land are Rev. C. C. Bonnell, formerly of Brownstown, and Miss Fletie Staples, who have many friends in this county. They sailed from New York March 8 on the steamer Kurfuerst and at every opportunity have sent letters back to friends. T. J. Staples, of Vernon, received a letter from his daughter a few days ago, mailed at Maderia March 22. They were there two days when they proceeded on their journey through the Mediterranean sea. Their vessel is stopping at interesting and historic places, giving those on board opportunity to observe the ways and manners of the people. The visit to Athens and other places in Greece were looked forward to with much interest. They were due at the Holy Land April 5. They will make sightseeing excursions there under the direction of the U. S. vice consul, Herbert Clark.

Seymour Chair Company.

The Seymour Chair Company is indeed one of Seymour's important and progressive industries. The plant is in operation all the time and manufactures a much larger line of goods than most people right here at home know about. They now manufacture fifteen different styles of goods, including chairs, stools, porch rockers and settees. They have made a specialty of double cane seat chairs but have just added a new style, an open cane seat chair.

The company finds ready sale for all goods manufactured. The demand for the goods turned out here is increasing steadily and it is probable that the capacity of the plant will be doubled soon.

Best Cough Medicine for Children.

When you buy a cough medicine for small children you want one in which you can place implicit confidence. You want one that not relieves but cures. You want one that is unquestionably harmless. You want one that is pleasant to take. Chamberlain's Cough Remedy meets all of these conditions. There is nothing so good for the coughs and colds incident to childhood. It is also a certain preventive and cure for croup, and there is no danger whatever from whooping cough when it is given. It has been used in many epidemics of that disease with perfect success. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucus surfaces of the system, thereby destroying the foundation of the disease, and give the patient strength by building up the constitution and assisting nature in doing its work. The Fine Stands.

The Appellate Court has affirmed the decision of the Jay circuit court in the case of the State against Edward Atkinson, who was fined for permitting a crowd of boys in his saloon on Sundays. Atkinson pleaded that the boys were not in the saloon, but were in a poolroom, which was separated from it by a lattice work. The prosecution showed that the saloon keeper had obtained a license to sell liquor in a room twenty-eight feet long and that poolroom was included in this space. During week days the poolroom was thrown open and used as part of the saloon, but Sundays it was closed.

In rendering his opinion Judge Black said: "Though it is merely incidental to the offense, yet, having arrived at such a conclusion, we may not improperly remark that subjecting immature persons to temptation, and thereby inducing them to countenance such violation of the law, whether for paltry gain or gratuitously is to be strongly reprobated."

CONGRESSMAN WILBER SAYS

(To The Pe-ru-na Medicine Co., of Columbus, O.)

"Pe-ru-na is All You Claim For It."

Congressman D. F. Wilber, of Oneonta, N. Y., writes:

The Peruna Medicine Co., Columbus, Ohio.

Gentlemen:—"Persuaded by a friend I have tried your remedy and I have almost fully recovered after the use of a few bottles. I am fully convinced that Peruna is all you claim for it, and I cheerfully recommend your medicine to all who are afflicted with catarrhal trouble."—David F. Wilber.

Peruna a Preventive and Cure for Colds.

Mr. C. F. Given, Sussex, N. B., Vice President of "The Past-time Boating Club," writes:

"Whenever the cold weather sets in I have for years past been very sure to catch a severe cold which was hard to throw off, and which would leave after-effects on my constitution the most of the winter.

"Last winter I was advised to try Peruna, and within five days the cold was broken up and in five days more I was a well man. I recommended it to several of my friends and all speak the highest praise for it. There is nothing like Peruna for catarrhal affections. It is well nigh infallible as a cure, and I gladly endorse it."—C. F. Given.

A Prominent Singer Saved From Loss of Voice.

Mr. Julian Weissaltz, 175 Seneca street, Buffalo, N. Y., is corresponding secretary of The Sangerlun, of New York; is the leading second bass of the Sangerlun, the largest German singing society of New York and also the oldest.

In 1899 The Sangerlun celebrated its fiftieth anniversary with a large celebration in New York City. The following is his testimony:

"About two years ago I caught a severe cold while traveling and which settled into catarrh of the bronchial tubes, and so affected my voice that I was obliged to cancel my engagements. In distress I was advised to try Peruna, and although I had never used a patent medicine before, I sent for a bottle.

"Words but illly describe my surprise to find that within a few days I was greatly relieved, and within three weeks I was entirely recovered. I am never without it now, and take an occasional dose when I feel run down."—Julian Weissaltz.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers; they filter out the waste of impurities in the blood. If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick, unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail. Name of Swamp-Root, free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

Don't make any mistake, remember the name, Swamp-Root. Dr. Kilmer's Swamp-Root, and the address Binghamton, N. Y., on every bottle.

WITHSTOOD SHOCK

Three Charges of Dynamite
Fail to Open Flatrock
Bank Safe.

CRACKSMEN GET AWAY

Daring Attempt to Burglarize the Bank at Flatrock Proved Wholly Unsuccessful.

Citizens Heard the Explosion But Made No Attempt At Interference.

Flat Rock, Ind., April 9.—An attempt was made by burglars to open the safe in the Flat Rock bank. Three charges of nitroglycerin were exploded, each one proving unsuccessful in removing the inner door. People were aroused by the sound of the explosion, but no attempt at interference was made. It is supposed that the burglars became alarmed, however, and fled before completing their task. Tools were secured from Field's blacksmith shop, and also from the railway tool-house. The bank recently opened, and was doing a flourishing business. There was much money in the vault. There is no clue to the identity of the burglars, whose work indicates they are professionals.

BACKED BY THE LEAGUE

State Will Have Assistance in Prosecuting David Gordon.

Columbus, Ind., April 9.—It is of current rumor that the State Liquor League will assist in the prosecution of David Gordon, accused of dynamiting the "blind tiger" operated by Richard Collins at Nashville. It is alleged that the saloon was operated in defiance of the law, within a stone's throw of the courthouse, but people in Nashville claimed they could get no evidence warranting conviction. The Daily Republican of this city referred to the lax enforcement of law in several caustic editorials, and the entire force was summoned to Nashville to testify against the "blind tiger." After appearing before the grand jury, the Columbus witnesses started for home, and that night the "blind tiger" was dynamited. The building was hopelessly wrecked, and there has been no saloon in Nashville since. Much excitement was aroused at Nashville, and Gordon was indicted as having used the explosive. After a time he secured a change of venue to Morgan county.

Burton's Relatives Shocked.

Mitchell, Ind., April 9.—Whether the conviction and sentence of Senator Burton of Kansas be just or not, it has caused much sadness here, his old home, where he spent his boyhood days and where he is known by everyone. Senator Burton's father and mother lived here all their lives, and both died about two years ago. A sister, Mrs. Dodd, lives here, and Senator Burton visited here several times a year. His conviction comes as a great shock to his numerous relatives and friends here.

Then She Was Locked Up.

Princeton, Ind., April 9.—Miss Lena Moore, a beautiful, well-dressed girl, is held here, charged with raising and passing checks. She presented a draft to the Farmers' bank for "sixty hundred dollars," which had, it is charged, been raised from 60 cents. At the People's bank she attempted to cash her individual check for \$1,000. Failing in this, she bought \$50 worth of goods at a store and gave her check, afterward found to be worthless. Then she was locked up.

Held by Coroner's Verdict.

Danville, Ind., April 9.—Frank Shockney was held for the murder of his father-in-law, George Dodson, by the coroner's verdict. He was at once arrested and is now in jail. The men quarreled over the affairs of a pool-room in which they were jointly interested. It was at first supposed that the killing was done in self-defense, but the coroner thought otherwise.

Advanced the Hearing.

Indianapolis, April 9.—The supreme court has advanced the apportionment cases and set them for oral argument on April 19. The same order was entered in the cases from Boone, Ripley and Dearborn counties, which have all been briefed together by the attorneys on both sides, the constitutionality of the apportionment law of 1903 being the principal question in each case.

Powder Wrecks Mine.

Washington, Ind., April 9.—Henry R. and Ernest Raymann were firing shots in the Raymann coal mine when two 25-pound kegs of powder exploded, wrecking the mine. A coal car was thrown forty feet and the air curtain was hurled 100 feet. The Raymanns were in an entry when the explosion occurred and escaped serious injuries.

Bride-to-Be Was Disappointed.

Port Wayne, Ind., April 9.—Miss Anna Martin is suing Mr. and Mrs. Frederick Pohlmeier for \$2,000, alleging that they spirited away their son, Henry C. Pohlmeier, and prevented Miss Martin's marriage with him. The alleged abduction took place while the bride-elect was getting the marriage license.

Be A Real Woman.

No. 805 Pease Avenue,
Houston, Texas, May 14, 1902.

I was barren during the six years of married life, suffering with painful menstruation and a dozen other aches and pains. It was a poor excuse for a wife as I was not able to be up more than about half the time and daily grow weaker and weaker.

Wine of Cardui changed me into a different woman in five short months, made me robust and strong. I am very grateful to you for my good health and am today blessed with a baby who is the pride of our home and this is all due to your medicine.

Mrs. Emily Mason
VICE-PRESIDENT, HOUSTON MOTHERS' CLUB.

Wine of Cardui brings health to sick women. Wine of Cardui brings children to barren homes.

How can any woman refuse the health Mrs. Mason has? Any woman can secure exactly the same relief if she will take Wine of Cardui. Wine of Cardui is a certain cure for menstrual irregularities. It will not do impossibilities but it does cure bearing-down pains, makes motherhood possible for barren wives and relieves the pains at the monthly period. Secure a bottle of Wine of Cardui today.

All druggists sell \$1.00 bottles Wine of Cardui.
